Working language of the event: English

Participants: representatives of local municipalities from Latgale region (LV) and Lithuania

This is the third of four experience exchange visits to Latvian and Lithuanian municipalities and we invite tourism field specialists to participate in all of them. The aim of the international training – experience exchange visit is to strengthen interregional cooperation between municipalities of Latvia and Lithuania. During these activities participants will discuss, how to make improvements in the capacity of employees in tourism-related industries, using LEAN management system, and analyze examples of good practice in tourism field to generate ideas and to collaborate in the future.

International training – experience exchange visit is organized by Latgale Planning Region and Euroregion "Country of lakes".
