2. OVERVIEW OF THE IMPLEMENTATION OF THE COOPERATION PROGRAMME (Article 50(2) of Regulation (EU) No 1303/2013 and Article 14(3)(a) of Regulation (EU) No 1299/2013)

Key information on the implementation of the cooperation programme for the year concerned, including on financial instruments, with relation to the financial and indicator data.

Monitoring Committee (MC) meetings and written procedures

The 2nd meeting of the MC took place on 23 - 24.01.2017 in Anykščiai (Lithuania). During the meeting MC selected 41 project from the 1st Call for Proposals and allocated more than 20 m EUR ERDF co-financing for their implementation, approved Technical Assistance (TA) budget for 2017, Programme Evaluation plan and the updated Rules of Procedure of MC, as well as agreed on the date for launching the 2nd Call for Proposals.

The 3rd meeting of the MC was organised on 27 – 28.11.2017 in Birštonas (Lithuania). During it the MC selected 48 projects from the 2nd Call for Proposals and allocated more than 18 m EUR ERDF co-financing for their implementation, approved TA budget for 2018 and Work plan for 2018. The MA and AA presented information on Programme implementation status.

In time between meetings MC took 12 decisions via written procedures.

The 1st Call for Proposals

According to the MC decision taken during its 2nd meeting, the MA issued 158 decisions – 41 on awarding and 117 on rejecting ERDF co-financing. The MA`s decisions were followed by 4 complaints from applicants of rejected projects. The MC examined complaints with provided MA`s justifications and supported MA`s opinion, thus all 4 MA`s initial decisions remained in force. After project partners of the approved projects implemented conditions set by the MC, 41 subsidy contracts were signed and projects` implementation started. The MA supported project partners by organising various seminars and providing consultations, monitored projects implementation, assessed and approved requested changes in the projects, approved 12 from 30 received project reports, payments were made to 8 projects in the total amount of 0,2 m EUR ERDF co-financing (8 payments for 70% of requested ERDF co-financing amount and 6 payments for 100% of requested ERDF co-financing amount).

Direct award project

The MA assessed the direct award project application and after clarification of additional information from project lead partner Ministry of Transport of the Republic of Latvia, launched MC written procedure for decision making on direct award project "Improvement of cross border road infrastructure for well connected regional centers and facilitated labour mobility in the border areas" approval. The MC approved the direct award project with several conditions and after their implementation on 27.12.2017 the Subsidy Contract was concluded.

The 2nd Call for Proposals

The 2nd Call for Proposals was launched from 27.03.2017 till 31.05.2017. To reach as much as possible of potential applicants, information on it was widely disseminated by publishing it in the Programme`s webpage www.latlit.eu and facebook account, , webpage of the Ministry of Environmental Protection and Regional Development of the Republic of Latvia and in webpages of local media, as well as during information seminars for potential applicants. By the set deadline 123 project applications were received in total requesting ca. 47,5 m EUR of ERDF co-financing. Project applications were assessed in 2 phases – at first according to the administrative and eligibility assessment criteria and afterwards according to the quality assessment criteria. In order to assess documentation of planned reconstruction works during the quality assessment phase, in July 2017 the MA signed 2 service contracts with construction experts - 1 in Latvia and 1 in Lithuania. According to the MC decision taken during its 3rd meeting, the MA issued 120 decisions – 48 on awarding and 72 on rejecting ERDF co-financing. According to the European Commission (EC) request, the MA suspended issue of decisions on awarding financing to 3 projects containing investments in long term social care institutions.

Programme management

The MA updated/prepared Programme documentation, established Risk management group which performed risk assessment and prepared Programme risk management plan.

The MA and the Audit Authority (AA) participated in various capacity building trainings, the MA also took part in post 2020 discussions.

On 01.01.2017 the MA informed the EC about minor deviation in the Programme document – change of lead partner of the direct award project due to legal provisions that impose signing of subsidy contract by the line ministry, not its supervised joint stock company which will be delegated to implement project activities.

Audit activities

The AA fulfilled its functions by elaborating Audit Manual, performing system audit to assess evaluation of project applications during the 1st Call for Proposals, audited declared TA expenditures, etc.

eMS

The MA ensured maintenance and uninterrupted functioning of the eMS, as well as its configuration.

On 12.07.2017 the MA signed contract with service provider for eMS installation and maintenance for next 5 years, as well as Latvia - Lithuania Cross Border Cooperation programme 2007 - 2013 data base maintenance for 3 years after its closure.

Communication and information activities

Programme publicity was ensured by regularly updating information in the Programme webpage www.latlit.eu and facebook account, by organising a number of different seminars for potential applicants and current project partners, by distributing Programme's souvenirs, etc. To promote the Programme, in cooperation with other Interreg programmes European Cooperation day celebration was organised in Doma square, Riga (Latvia) on 16.09.2017, which also served as opening of Programme's projects exhibition.

Programme annual event took place during Balts Unity Day celebration in Palanga (Lithuania) on 23.09.2017. The Programme was popularised by organising cycling tour Nidasciems - Palanga, by showing photos of Programme's projects in exhibition in the Jūratē and Kastytis square (the main celebration place of the event), as well as during international tourism forum "Balts' Road: Cultural Tourism Perspectives", which was organised by Programme's project "Balts' Road".

Information about Programme was presented and photos of Programme's projects were exposed during the Joint Session of the Latvian - Lithuanian Intergovernmental Commission for Cross-Border Cooperation in Tērvete (Latvia) on 18.10.2017. As part of the 10th anniversary celebration of Latvia - Lithuania cooperation, Programme's projects exposition was shown during the 3rd meeting of MC.

The MA and NAs promoted to project partners opportunity to participate in Interreg Volunteer Youth initiative. The MA itself selected 1 volunteer which is welcomed in the MA premises in the end of the 2nd quarter of 2018.

Closure of Latvia - Lithuania Cross Border Cooperation Programme 2007 - 2013

Following the submission of closure documents by 30.03.2017, providing of additional information to the EC and Final report update according to the EC comments, on 22.11.2017 the MA received EC letter stating that the programme is closed on 15.11.2017.

3. IMPLEMENTATION OF THE PRIORITY AXIS

4. SYNTHESIS OF THE EVALUATIONS

During 2017 no evaluations were carried out.

5. ISSUES AFFECTING THE PERFORMANCE OF THE PROGRAMME AND MEASURES TAKEN

(a) Issues which affect the performance of the programme and the measures taken

During the 1st Call for Proposals around 39% of received project applications did not pass the administrative and eligibility assessment. Lessons learnt from the organisation of the 1st Call for Proposals were taken into account, requirements and procedures were updated and, as a result, during the 2nd Call for Proposals only 11% from all project applications did not pass the administrative and eligibility assessment phase.

Although efforts were put from both – the MA`s and the EC side, till the end of 2017 was not clarified issue of 3 projects containing investments in long term social care institutions that were supported by the MC within 2nd Call for proposals. Shortly after the MC had selected them for funding during its 3rd meeting, a request to temporarily suspend approval of these projects was received from the EC. Taking into account the EC`s request the MA did not issue decisions on awarding financing to these 3 projects, but actively communicated with the EC in order to clarify this issue as soon as possible, as well as maintained close cooperation with responsible line ministry in Latvia by preparing requested information.

As the management and control system was successfully put in place in 2016 and vacancies were filled in with competent staff, the management and monitoring of Programme implementation was smoothly ensured and no other serious challenges were identified which would negatively affect Programme implementation.

(b) OPTIONAL FOR LIGHT REPORTS, otherwise it will be included in point 9.1. An assessment of whether progress made towards targets is sufficient to ensure their fulfilment, indicating any remedial actions taken or planned, where appropriate.

11.3 Contribution to macro-regional and sea basin strategies (where appropriate)

As stipulated by the Regulation (EU) No 1299/2013, recital 19, article 8(3)(d) on the "Content, adoption and amendment of cooperation programmes" and article 14(4) 2nd subparagraph (c) "Implementation reports", this programme contributes to MRS(s) and/or SBS:

As the Programme strategy reflects objectives of EUSBSR, description how project will contribute to the EUSBSR is taken into consideration during assessment of project applications. This approach has stimulated selecting of projects contributing to the EUSBSR and thus several projects from the 1st Call for Proposals provide a significant added value in Baltic Sea Region and create critical mass for supporting the implementation of the EUSBSR.

In total 24 projects with the total budget of 21,5 m EUR ERDF co-financing out of 42 projects contracted in 2017 are recognised as contributing to one or more Policy Areas (PA) of the EUSBSR.

2 projects (LLI-49 and LLI-249) are contributing to PA "Bioeconomy" by elaborating efficient crop rotation schemes to protect from the agricultural pollution soil at banks of the rivers flowing into Baltic sea, scientifically measure impact of hydro power plants to ecosystems of these rivers, develop methodologies and recommendations for policy-makers.

8 projects (LLI-10, LLI-64, LLI-65, LLI-173, LLI-181, LLI-187, LLI-199 and LLI-211) are contributing to PA "Tourism" stimulating networking and clustering of tourism stakeholders, developing joint tourist products and itineraries covering broader cross-border regions and various specialisations (agro, cultural heritage, gastronomy, eco, nature etc.). Moreover, 5 of these projects (LLI-64, LLI-65, LLI-173, LLI-181 and LLI-187) contribute also to PA "Culture" promoting culture of the region and preserving and presenting cultural heritage.

6 projects (LLI-195, LLI-232, LLI-82, LLI-92, LLI-194 and LLI-213) are contributing to PA "Secure". To save human lives and protect public and individual properties against destruction, serious damages or illicit transfer, among supported activities is development of legal and administrative cooperation in combating cross border crime, illegal migration, CBRN incidents, large scale disasters as well as improving systems of civil protection and cooperation and capacity rescuers at the seaside.

Project LLI-224 is implemented under PA "Health" and is creating cooperation between medical institutions in the cross-border region to ensure accessibility and service quality of emergency medical care.

6 projects (LLI-24, LLI-42, LLI-75, LLI-183, LLI-184 and LLI-206) are implemented under PA “Education” supporting development of new, interesting study and training programmes for pupils and students and providing trainings for teachers, ensuring support and mentoring by entrepreneurs to improve quality of education, foster entrepreneurial mind-sets for children and youngsters thus also combating their early drop-out from schools and improving transition from education to labour market.

The direct award project LLI-280 is implemented under PA “Transport” investing in total 9,0 m EUR ERDF co-financing in improvement of cross border roads infrastructure to facilitate better connection of local roads to major transport corridors. Interconnection between such cities as (1) Saldus and Liepāja in Latvia and Mažeikiai in Lithuania; (2) Bauska in Latvia and Pasvalys, Pakruojis and Joniškis in Lithuania; (3) Jēkabpils, Krustpils in Latvia and Rokiškis, Kupiškis in Lithuania is being improved to facilitate cross-border mobility of labour and services.

Actions or mechanisms used to better link the programme with the EUSBSR

A. Are macro-regional coordinators (mainly National Coordinators, Policy Area Coordinators, Horizontal Action Coordinators, or members of the Steering Committees/Coordination Groups) participating in the Monitoring Committee of the programme?

Yes No

B. In selection criteria, have extra points been attributed to specific measures supporting the EUSBSR?

Yes No

C. Has the programme invested EU funds in the EUSBSR?

Yes No

Approximate or exact amount in Euro invested in the EUSBSR:

	ERDF	21.50
	CF	
	ESF	
	EAFRD	
	EMFF	
	ENI
