<https://youtu.be/uXGNiqdF638>

Priority I

Specific objective 1.1

Interreg

Co-funded by
the European Union

Latvia – Lithuania

Capacity building and people-to-people cooperation

Other actions to support better cooperation governance

Max ERDF co financing per project: **250 000** EUR

Max ERDF allocated per Priority: **4 674 983** EUR

Expected number of projects: **19**

Priority I

Specific objective 1.1

Interreg

Co-funded by
the European Union

Latvia – Lithuania

The aim

is to help authorities to solve similar challenges caused by changes of population structure, regional disparities, climate changes, environmental effects, new territorial and thematic settings.

Expected results:

- Improved capacity for cooperation among public institutions and entities at local and regional level
- Improved interaction among people and communities between the inhabitants of Latvia and Lithuania.

Priority I

Specific objective 1.1

Interreg

Co-funded by
the European Union

Latvia – Lithuania

Output indicators:

- Pilot actions developed jointly and implemented in projects
- Organisations cooperating across borders
- Jointly developed solutions

Result indicators:

- Solutions taken up or upscale by organisations
- Organisations cooperating across borders after project completion

Priority I

Specific rules:

Interreg

Co-funded by
the European Union

Latvia – Lithuania

Project activities and planned results must demonstrate
cross-border cooperation nature (PM:4.1)

- should address **common** regional development **challenges**
- should bring **added value** and positive impact for the Programme area, and have a **long-lasting effect** after the end of the project
- objectives cannot be reached by partners only from one country

Joint development / Joint implementation / Joint financing

Priority I

Specific rules:

Interreg

Co-funded by
the European Union

Latvia – Lithuania

Capacity building activities must contribute to the development of new or improvement of existing public services with new methods and approaches.

Not eligible:

Trainings or other activities aiming at the development of the basic skills (e.g., computer literacy, language, etc.) are not eligible.

Priority I

Specific rules:

Purchase of equipment under this specific objective is **only** eligible if it is used for implementation of joint cooperation project activities (**core activities**), its need is clearly justified

Excluding equipment for administrative purposes

and it specifically contributes to the Programme specific objective 1.1 as set out in the Interreg Regulation.

Not eligible:

Investments in infrastructure under CC6 are not supported

Priority I Specific rules:

Interreg

Co-funded by
the European Union

Latvia – Lithuania

In case **stakeholders** (local municipalities, etc.) directly using project results are **not involved in the project**,

explicit information how the project results will be used by the direct stakeholders during and/or after the project must be provided in the AF.

Programme recommends to provide letter of support from relevant stakeholders

Priority I Specific rules:

Interreg

Co-funded by
the European Union

Latvia – Lithuania

Need

- Why needed?
- How it is different from similar or existing ICT?

Durability

- Who will maintain and update?

Security

Promotion

For development of ICT products (e-systems, databases, etc.) approval from relevant authorities on development of such products must be submitted with the application, if required by national regulation.

Artificial intelligence:

Liberation from routine jobs

Machine learning applications might speed up decisions, either giving a clear answer or indicating which cases need a human to take over.

Possibility to re-employ workers' time towards more rewarding work that requires lateral thinking, empathy, and creativity — all things at which humans continue to outperform even the most sophisticated AI program.
